

Bādhaka #01

- Definitions and Meanings
- Rāśi Bādhaka
- Planets in Bādhaka Rāśi

Etymology

bādhā means

- a harasser or tormentor like Rāhu;
- the source of annoyance, distress and obstacle like Ketu;
- molestation, affliction, pain, trouble or female disease like Venus;
- cause of injury, detriment, hurt, damage or even danger and jeopardy to life (as in *prāṇa*~) like Mars or Saturn;
- exclusion from a group or society caused by the nodes or Saturn;
- suspension or annulment (of a rule etc.) as caused by the royal planets Sun and Moon;
- a contradiction or objection as caused by the reasoning exercise of Mercury;
- absurdity leading to exclusion due to superior logical proof by the intellect of Jupiter.

In essence, the manifestation of the most negative qualities of any planet is caused by its association or achieving the negative position of bādhaka

Etymology

bādhaka or (female) *bādhikā*

- means a being who is oppressing, harassing or causing all that mentioned for *bādhā*.
- For example, if a feminine Venus is causing obstruction then it is called *bādhikā* instead of being called *bādhaka*.
- However as a general rule in jyotiṣa, the term *bādhaka* is applied universally for all graha, upagraha, aprakāśa graha and every element that takes on such a task of torment.

śatru bādhaka

- It refers to all that which is opposing, hindering progress, injuring or prejudicing. The action is primarily inimical to the interests of the native,

Etymology

bādhātā

- refers to the act of setting aside, suspending or, annulling rules or orders thereby causing pain and suffering or ... explanations of spirituality and philosophy as they lack sufficient proof or in the face of superior or better proof.

bādhātva

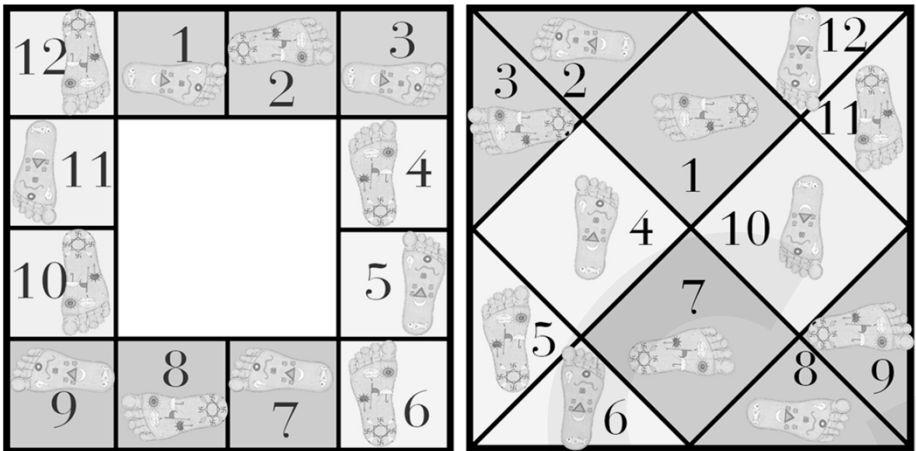

- refers to a particular disease of women

Sometimes there is considerable obstruction to whatever we do and no good work is accomplished.

The fate seems to be obstructed and in spite of constant prodding, the obstruction persists.

Bādhaka means obstruction and this can take various forms from a simple irritant at times to terrible incurable diseases.

Tri-pada of Viṣṇu

DERIVATION OF SAVYA AND APASAVYA

Derivation

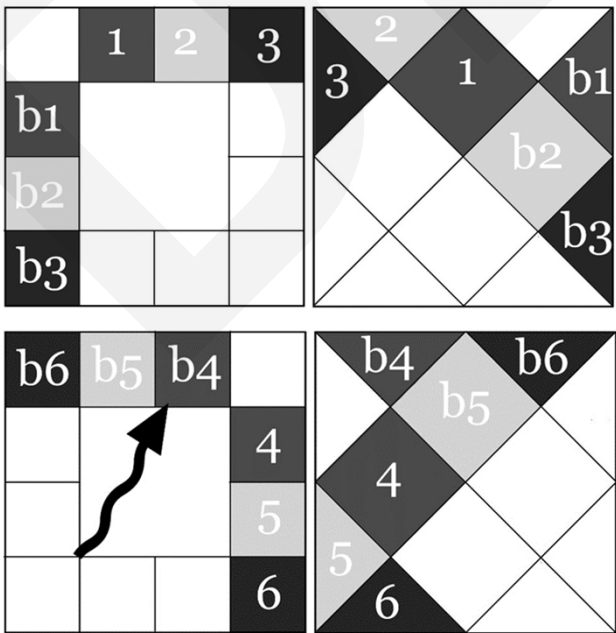

Fig 1: As nature (Vishnu) takes 3 steps forward from Aries to Gemini, Rahu (destruction) takes 3 steps backwards (always retrograde) from Aquarius (own house)

Fig 2: As Vishnu begins the next three steps by shifting from Gemini to Cancer, Rahu takes a '6th house' leap from Sagittarius to Taurus. Vishnu takes 3 steps from Cancer to Virgo and Rahu takes 3 steps backward from Taurus to Pisces.

Derivation

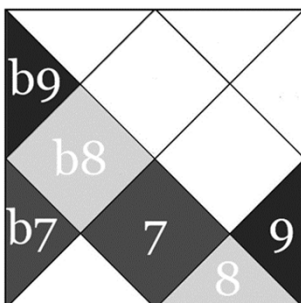

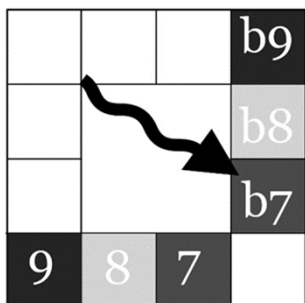

Fig 3: As Vishnu begins the next three steps by shifting from Virgo to Libra, Rahu takes a '6th house' leap from Pisces to Leo. Vishnu takes 3 steps from Libra to Sagittarius and Rahu takes 3 steps backward from Leo to Gemini.

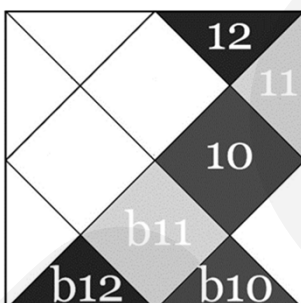

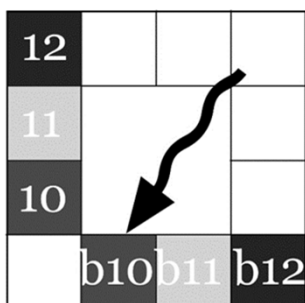

Fig 4: As Vishnu begins the next three steps by shifting from Sagittarius to Capricorn, Rahu takes a '6th house' leap from Gemini to Scorpio. Vishnu takes 3 steps from Capricorn to Pisces and Rahu takes 3 steps back from Scorpio to Virgo.

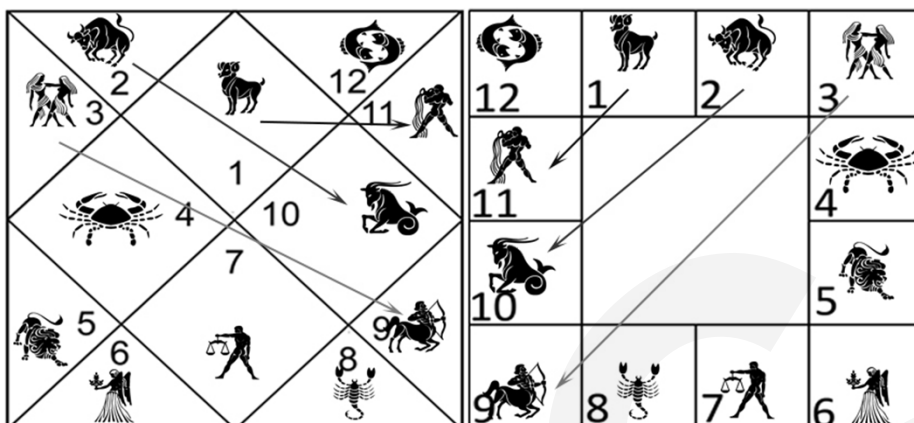

Bādhaka Rāśi

Every sign has a sign of obstruction called Bādhaka
Rāśi and its lord is called Bādhakeśa

Some signs have been shown to have two lordships namely Taurus, Virgo, Scorpio, Aquarius and Pisces. That happens due to the lordship caused by the Moon and the lunar nodes Rāhu and Ketu. We have taken into account the svakṣetra and mūlatrikoṇa of the planets where Moon has mūlatrikoṇa in Taurus, Rāhu in Virgo and Ketu in Pisces whereas the svakṣetra of Rāhu is Aquarius and that of Ketu is Scorpio.

Rāśi	Bādhaka Rāśi	Bādhakeśa
Aries	Aquarius	Saturn & Rāhu
Taurus	Capricorn	Saturn
Gemini	Sagittarius	Jupiter
Cancer	Taurus	Venus & Moon
Leo	Aries	Mars
Virgo	Pisces	Jupiter & Ketu
Libra	Leo	Sun
Scorpio	Cancer	Moon
Sagittarius	Gemini	Mercury
Capricorn	Scorpio	Mars & Ketu
Aquarius	Libra	Venus
Pisces	Virgo	Mercury & Rāhu

Naisargika Bādhaka

For Chara Rāśi = Sthira Rāśi in 11H is bādhaka

For Sthira Rāśi = Chara Rāśi in 9H is bādhaka

For Dvisvabhāva Rāśi = Dvisvabhāva rāśi in 7H is Bādhaka

These signs aspect each other by Rāśi Dṛṣṭi

Strength: Dvisvabhāva > Sthira > Chara

Lagna Bādhaka

A negative bādhaka effect is triggered when

1. A natural malefic is placed in bādhaka rāśi or aspects it.
 2. Natural malefic associates with the bādhakeśa
 3. Functional malefics add the suffering component to this bādhaka karma
 4. The most negative Rāhu karma of machinations works through the bādhaka
 5. Saturn (mūlatrikona Aquarius) must be involved for life threatening dangers
- Lagna Bādhaka also shows things that happened prior to one's birth that can have negative impact when 9H is associated

Which sign is Lagna Bādhaka?

Which Planet is in Lagna Bādhaka? Is this malefic or benefic?

What are the implications?

Which planet is bādhakeśa?

What is the implication of Bādhakeśa in 9th Bhāva w.r.t past karma of father coming on native? Hint: consider rāśi dr̥ṣṭi of Rāhu and Ketu; Ven rules eyes and also indicates blind

How did this function? Hint: Ven is kāraka for 'wife' and 9H is father ... father's wife

Bādhaka and Death

- Lagna Bādhaka can cause death under severe conditions
- Saturn in 11H demands austerity and dharma, promising long life – failure to comply brings premature death
- Bādhakeśa in 12H in rāśi or navāṁśa triggers death by self or planets in bādhaka rāśi
- Bādhakeśa associated with āyus-kāraka Saturn alters longevity
- Look for graha dr̥ṣṭi and rāśi dr̥ṣṭi of Saturn on bādhakeśa – this brings the evil eye.
- Graha dr̥ṣṭi is bad desire like hatred (hot) while Rāśi dr̥ṣṭi is not desire but incidental (cold planning) and can also be paid killing
